

2023-2024
FUTURE GENERATIONS FOUNDATION
MANITOBA
IMPACT REPORT

**FUTURE
GENERATIONS
FOUNDATION**
Honouring Survivors

The Future Generations Foundation is pleased to announce the approval of **\$1,549,700** in funding for **Manitoba**, offering opportunities to enrich the lives of First Nations people in the region. Over the past year, we have been privileged to invest in **10** remarkable organizations based in **Manitoba**, empowering them to deliver a wide range of programs. These programs are designed to foster the preservation of traditional culture and languages, nurture the growth of our youth, provide employment and training opportunities, and provide access to vital healing initiatives across the region.

In addition to our partnership with these outstanding organizations, the FG Foundation has also had the honour of supporting **216** dedicated individuals on their educational journeys. Our award recipients are immersing themselves in traditional languages, absorbing cultural wisdom, engaging in meaningful ceremonies, and participating in invaluable on-the-land teachings. Moreover, our bursary and scholarship recipients are actively pursuing post-secondary degrees, certifications, and essential trade skills.

If you're eager to learn more about the impactful work of the FG Foundation across Turtle Island and explore opportunities to apply for funding in the next Call for Applications, visit our website at www.fgfoundation.ca.
